## Division Two and Three Supplemental Rules

[www.softball4jc.org](http://www.softball4jc.org)

1. Teams from Division One and Two have been combined to form one for the SEASON SCHEDULE ONLY.
2. Any team playing **Mt. Pleasant Christian\*** will receive one run per inning for each inning of the game (seven runs maximum). When playing one of these two teams, the homerun rule will be three per team, and then the “equalizer rule” takes effect. Any other game will be one homerun per team, and then the equalizer rule takes effect. In either instance, any ball hit over the fence and not eligible as a “homerun” will be recorded as an “out” and no runner shall advance.
3. There will be two separate playoff brackets prepared for teams from this division. **Mt. Pleasant Christian\*** shall automatically play in a Division One championship game versus the winner of the Division Two championship game – but play the game straight up, no runs given or received.

Disclaimer: Please refer to adopted 2010 rules for anything not covered here. The full season schedule will be available by April 20 due to possibility of teams being added.
